WARREN COUNTY SENIORS HOW TO MAKE AN APPOINTMENT FOR A COVID-19 VACCINE

1. Go to the Warren County website at **www.co.warren.nj.us**
2. Click on ***COVID-19 Vaccine***
3. To make an appointment at one of the county vaccination sites, scroll down and click on the link here: *"To book your appointment at one of the vaccine clinics conducted by Warren County,* ***click here****"*
4. If you are 65+ years old and live, work, or go to school in Warren County, you are eligible to get the vaccine at one of the Warren County vaccine sites.
5. Click on the down arrow at *"Select appointment type"* and select *"COVID-19 Moderna Vaccine."*
6. Click on down arrow at *"Select Site"* and choose a location or no preference.
7. Next a calendar will pop up. Available dates are highlighted in blue.

If there are no available dates, we are likely at full capacity. DATES & SLOTS WILL BECOME AVAILABLE IN THE COMING DAYS. PLEASE CONTINUE CHECKING FOR AVAILABLE DATES.

It does *not* mean we are booked for the next few months, it just means we are waiting on more vaccine. Dates are only opened 1-2 weeks at a time for now which is why all other weeks are grayed out. Please be patient with us during this busy time.

8. **After you click on a date and time, fill in the information requested. Be sure to hit "finalize."**

   Make sure you type a valid email & get a confirmation email after you schedule. If you did not, it is likely that your appointment was not scheduled.

If you are unable to make an appointment online, please call the Warren County COVID-19 Testing and Vaccination Hotline at (908) 878-3188 Press 2 for COVID-19 vaccine help. The Call Center is open Monday to Friday from 10:00 a.m. to 5:00 p.m.
